## MINISTER'S MESSAGE

Talented residents and hardworking groups and businesses are what make the Northwest Territories (NWT) an incredible place to work and live. The Department of Industry, Tourism and Investment (ITI) is dedicated to investing in our residents and businesses to build and diversify businesses and support entrepreneurs to help create a strong and diverse territory.

Through our grants and contributions, support is available in all communities and all regions of the territory to both new and well-established businesses. For the 2013/2014 year, I am happy to share that ITI provided more than \$20 million in grants and contributions across the territory.

Funding is available to a wide range of clients and agencies, including individuals, businesses, Aboriginal organizations and communities. This past year, contributions were provided to a variety of sectors, including arts and crafts, film, traditional economy, agriculture and tourism, as well as to support Aboriginal capacity building in anticipation of resource development.

This funding will help to create new business opportunities, grow our economy and promote this stunning territory we have made our home. There is immense potential within our 33 communities. Moving forward, let's work together to unlock that potential and see the NWT thrive.

# INDUSTRY, TOURISM AND INVESTMENT GRANTS AND CONTRIBUTIONS PROGRAMS RESULTS REPORT 2013/2014

## EXECUTIVE SUMMARY

### PREFACE

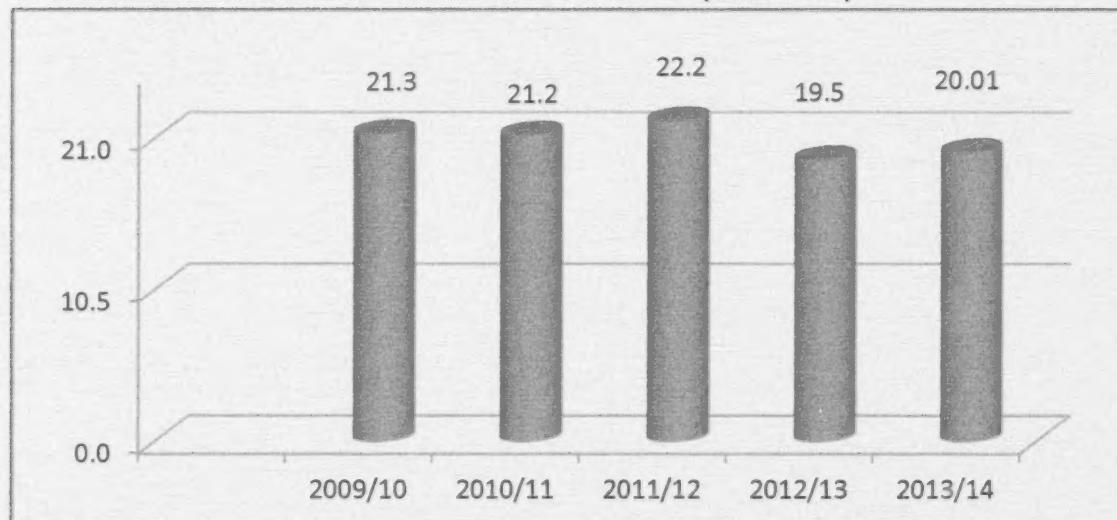

The Mission Statement of the Department of Industry, Tourism and Investment ('ITI' or 'the Department') states: "In partnership with others, ITI will provide quality programs and services to promote and support Northwest Territories (NWT) economic prosperity and community self-reliance."

To this end, the Department offers financial grants and contributions to a wide range of clients and agencies in a variety of sectors. This Report provides a summary of grants and contributions provided throughout the 2013/2014 fiscal year.

### SUMMARY OF RESULTS

Over the 2013/2014 fiscal year, ITI provided more than \$20.01 million in grants and contributions to approximately 1,500 individuals, entrepreneurs, groups and businesses across the NWT. Contribution assistance over the 2013/2014 period increased by approximately half a million dollars compared to the previous fiscal year.

**Chart 1: Grants and Contributions over Five Years (\$ millions)**

## MAJOR GRANTS AND CONTRIBUTIONS

ITI provided \$8.32 million in funding to three major NWT-wide organizations that have a significant impact on the economic well-being of NWT residents and businesses. These are: the NWT Business Development and Investment Corporation (BDIC), NWT Tourism (NWTT) and NWT Energy Corporation (NTEC); see Table 1 below.

**Table 1: Contributions by Client exceeding \$1,000,000 (\$8,320,000 total)**

Client	Total Contribution
1 BDIC	\$3,724,000
2 NWTT	\$3,336,000
3 NTEC	\$1,260,000

Other major contributions were allocated to the Community Futures Development Corporations, various community investment initiatives, funding for community economic development events, and regional economic development projects. Contributions over \$100,000 are listed in Table 2 below; 20 community or regional governments, organizations or businesses received more than \$3.72 million in grants and contributions funding.

## NEW ECONOMIC ENVIRONMENT

The NWT economy is affected by many factors, from local community issues to global disasters; nothing remains constant from year to year. The various grants and contributions programs provided by ITI are essential, to keep pace with the changing economic times and economic demands. ITI's grants and contributions programs remain flexible to adapt to unpredictable economic changes and are reviewed regularly.

Oil and gas, mining exploration, and development projects continue to dominate the NWT economy. The rich resources provide the NWT with the economic base needed for growth. This sector represents over 28 percent of the NWT's economy. Many business sectors such as trade, construction and the service sector benefit directly and indirectly from resource development. These businesses also provide communities with needed northern employment and additional spin-off services and trade.

With four new mining projects expected to enter production over the next few years, the mineral sector will continue to play a significant role in the NWT economy. Additionally, with the Devolution transfer of authority over land, water and resources to the GNWT from the federal government on April 1, 2014, decisions regarding onshore development of resources in the NWT will now be made in the NWT. This change should also help improve the investment climate in the NWT.

High transportation costs and limited transportation infrastructure across the NWT's vast geographic area continue to drive up costs for all goods and services, particularly in small, isolated communities. The recent completion of the Dehcho Bridge, and the construction of the Inuvik/Tuktoyaktuk highway, may help alleviate some of those costs.

Agriculture has experienced continued growth and interest across the NWT over the last few years. Community gardens have sprouted in 30 of the 33 NWT communities. Additionally, the successes of a commercial egg barn in Hay River in recent years means that NWT eggs can now be purchased in several communities across the NWT. With the continuation of the Growing Forward Two Program, these gardens are already becoming a new source for economic diversification and import replacement.

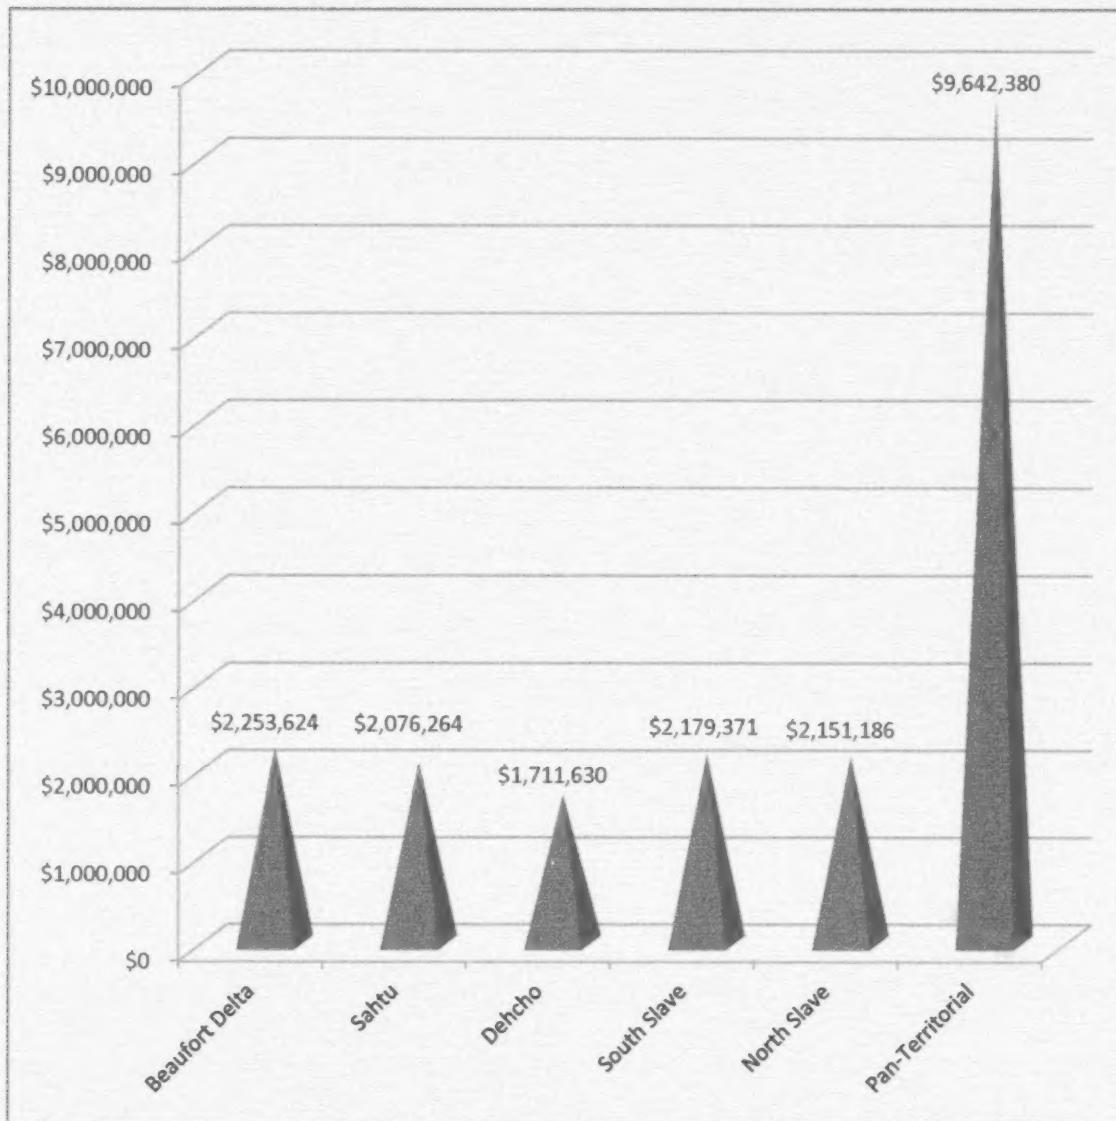

Tourism has and will continue to have an impact on the NWT's economy. Of all the economic sectors in the NWT, tourism has the potential to present the greatest economic impact throughout the territory. Continued investments by ITI in marketing programs, highlighting Aboriginal tourism and the Aurora Borealis, in addition to various programs focusing on tourism and parks infrastructure, skills development, and targeted research, will be critical in increasing the economic benefit that tourism will have on the NWT economy.

The development of the Economic Opportunities Strategy and the Mineral Development Strategy have identified further economic opportunities for NWT residents, businesses and communities, and will guide economic growth over the next decade. Developed with the help and input from major stakeholders, governments, businesses, industry, and non-government agencies, the implementation of these strategies will make the difference in the growth of the NWT economy.

## REGIONAL RESULTS

Providing more than \$20.01 million in grants and contribution in the 2013/2014 fiscal year, Chart 2 shows the distribution of funding by Region. Forty eight percent of all grants and contributions funds were made to agencies operating throughout the NWT. This would include contributions made to NWT Tourism, BDIC and various energy agencies. Otherwise, the distribution of funds across the NWT was fairly evenly distributed to all regions.

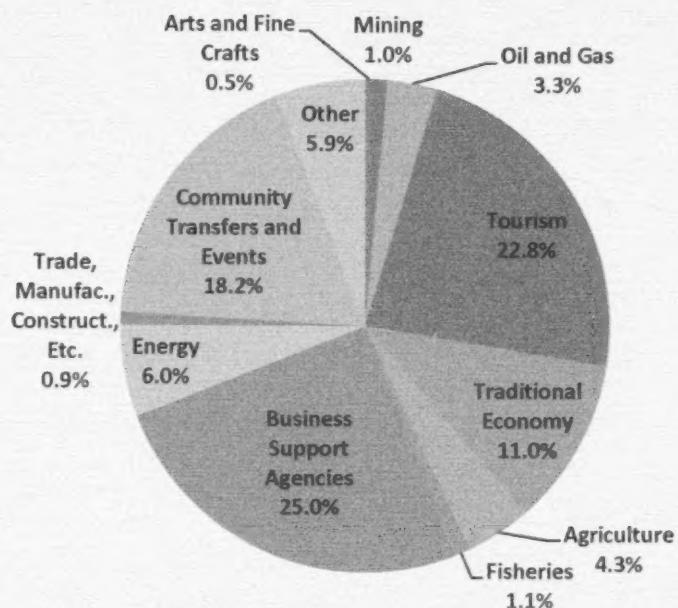

Chart 2: Grants and Contributions by Region 2013/2014

## SECTOR DISTRIBUTION

More than one-third of the more than \$20.01 million contribution funding was allocated to public agencies that support business in the NWT. This includes funding for Community Futures Development Corporations, BDIC and Community Economic Development Officers. Two other major sectors receiving contribution funding in 2013/2014 included the Tourism sector at 22.8 percent and the Traditional Economy sector at 11 percent.

## GRANTS AND CONTRIBUTIONS BY COMMUNITY LEVEL

Grants and Contributions are categorized into three distinct groups: Level One, Level Two or Pan-Territorial. Level One communities are Yellowknife, Hay River, Fort Smith, or Inuvik. All other NWT communities are categorized as Level Two. Projects are considered Pan-Territorial if they serve all or a number of communities across the NWT. A total of \$20,014,455 was provided for projects and programs for the 2013/2014 fiscal year.

**Chart 4:**  
Grants and Contributions  
by Community Level

## COMMUNITY DETAIL

ITI's grants and contributions programs are available in all communities across the NWT. Contributions are allocated by community, region or as pan-territorial. Typically, the more populous the community, the more applications for funding ITI will receive. The Pan-Territorial listing of \$9,642,380 involves a number of communities in at least five projects.

## HIGHLIGHTS FOR 2013/2014

ITI provided \$20.01 million in grants and contributions assistance to residents, entrepreneurs, groups and businesses during the 2013/2014 fiscal year.

The NWT has continued to recover from the economic recession in 2008 and 2009 and a number of sectors of the NWT economy have shown resilience, especially the trade and mining sectors. The tourism industry has also returned to levels not seen since prior to the recession.

The 17th Legislative Assembly approved an increase in the marketing budget for the GNWT's destination marketing organization, NWT Tourism. This increase will provide additional marketing power to take advantage of growing interest in the NWT among travel markets.

Tourism and Parks continues to be a major economic driver across the NWT. The tourism sector specifically received \$4.9 million in contributions toward a number of initiatives. Support included funding for NWT Tourism and the Northern Frontier Visitors Centre, various infrastructure projects, and funding for tourism operators to diversify their products. The tourism sector is significant, contributing \$132 million to the NWT economy in 2013/2014. Overall, total visitor numbers increased by 20 percent in 2013/2014 over the year previous to 91,800 total visitors.

The agriculture sector has experienced tremendous growth over the last few years with the establishment of community gardens in 30 of our 33 communities, and the ongoing successes of the egg barn in Hay River that supplies eggs to stores in various NWT communities. Over \$285,000 was committed to the agricultural sector in 2013/2014.

In 2013/14, the traditional economy sector funded over 46 projects with approximately 1746 participants. This includes Take A Kid Trapping, Take A Kid Harvesting and Community Hunts.

Another highlight of ITI's 2013/2014 grants and contributions funding support includes the Support for Entrepreneurs and Economic Development (SEED) Policy, which continued to be a major participatory program for funding with total contributions of \$3,865,363 for the five program categories:

- Entrepreneur Support
- Sector Support
- Community Economic Development
- Micro Business
- Business Intelligence and Networking

### **Program Budget**

\$1,272,000 for the 2013/2014 fiscal year

### **Program Manager**

Investment and Economic Analysis Division

### **Policy Authority**

Established under the authority of the Minister for Industry, Tourism and Investment

### **Application Process**

Operations funding, via the CFP, is based on a Contribution Agreement model.

### **Results Reporting**

The CFP is a community-based economic development initiative delivered in each region and community by CFDCs. There are currently seven active CFDCs across the NWT operating independently of government as non-profit organizations. A volunteer Board of Directors oversees the Program and is representative of the regions and communities that they serve. CFDCs operate in all 33 communities in the NWT.

Five of the seven CFDCs currently have a signed Contribution Agreement in place and receive operational contributions annually. In the 2013/2014 fiscal year, a total of \$985,980 in funding was allocated under the CFP to five of the seven CFDCs. Of the two non-funded CFDCs, one prefers to operate outside of the CFP requirements, while the other is undergoing an internal review and did not draw on the Program in 2013/2014. Funding is set aside should they wish to participate; both are active in their respective region. While CFDCs have the flexibility to set their own priorities; each offers a set of core services, including:

- Business loans/guarantees including term loans up to a maximum of \$200,000;
- Counselling and assistance for entrepreneurs beginning/expanding a business;
- Wage subsidies for those unemployed and want to start a new business; and
- Access to Canada Business NWT sites and business information services.

A separate and detailed report for the CFP is produced and tabled in the Legislative Assembly and posted on the ITI website.

## SUPPORT FOR ENTREPRENEURS AND ECONOMIC DEVELOPMENT

### **Purpose**

The Support for Entrepreneurs and Economic Development (SEED) Policy provides contributions toward starting out in business, improving capacity or skills, and helping small communities to expand their local economy.

### **Eligibility**

All NWT businesses, business associations, band/community councils and individuals are eligible. Specific eligibilities are provided under the individual program elements of the Policy.

### **Grant/Contribution**

Contribution

### **Maximum Amount Available Per Applicant**

Up to \$25,000 to any one client in any fiscal year, depending on program category

### **Program Budget**

Program funding was \$3,866,000 for the 2013/2014 fiscal year. This funding is inclusive of \$125,000 set aside for projects in the Arts and Crafts sector, \$100,000 set aside for projects in the film sector, and \$50,000 set aside for the Prospector Grubstake Program.

### **Program Manager**

Investment and Economic Analysis Division

### **Policy Authority**

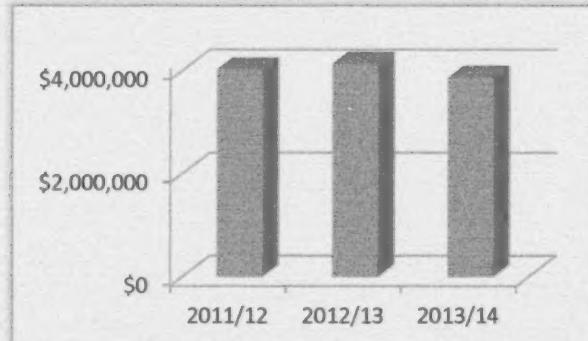

Established under the authority of the Minister for Industry, Tourism and Investment

### **Application Process**

Application forms may be obtained from any local ITI office. A Contribution Agreement will be drawn up for a successful applicant. Specific terms and conditions vary according to the nature of the contribution and the project or activity being supported.

### **Results Reporting**

In the 2013/2014 fiscal year, ITI provided \$3,865,363 in contributions to 457 individuals, businesses and organizations in the NWT; down slightly from \$4,131,250 in 2012/2013 and \$4,019,760 in 2011/2012.

### By SEED Policy Program:

Contributions made under the SEED Policy fell under the five program categories:

- Entrepreneur Support
- Sector Support
- Community Economic Development
- Micro Business
- Business Intelligence and Networking

**TABLE 1**

Distribution of Funding by SEED Policy Program	Contributions (\$)	% Share

## **Results Reporting – 2013/2014**

Total contributions of \$237,207 were provided in 2013/2014 through five Program schedules:

### **(1) Fish Harvesters Support Program**

- a) Previous year's fish production records of all fishers and a list detailing the amount each fisher will get under the Program is required.
- b) Program aimed at small producers.
- c) This Program allows NWT fishers to continue to fish and earn an income.

**(2) Commercial Fish Harvesters Support Program**

- a) Program aimed at larger producers.
- b) Amounts are based on previous year's fish production.
- c) This Program allows NWT fishers to continue to fish and earn an income.

**(3) Fish Harvesters Expansion Program:**

Funding aimed at assisting fishers to defray a portion of costs for capital investments in their operations and to establish fish processing capabilities.

**(4) Fish Harvesters New Entrants Support Program:**

Program aims to provide support to defray a portion of the costs to enter into the fishery.

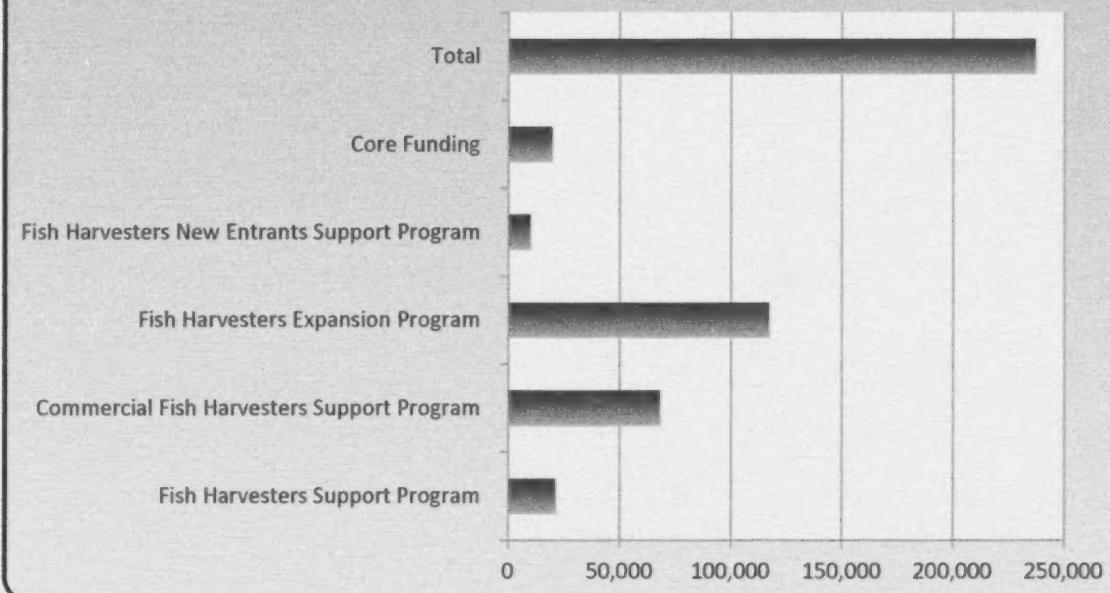

**(5) Core Funding:**

Funds assist in defraying a portion of the costs of administration for the NWTFF.

Contributions under these schedules for the 2013/2014 fiscal year were as follows:

Schedule	Commercial Fishery Assistance Industry Support	Budget	Contributions Provided
1	Fish Harvesters Support Program	50,000	21,367
2	Commercial Fish Harvesters Support Program	75,000	68,331

# TRADITIONAL ECONOMY COMMUNITY HARVESTERS ASSISTANCE PROGRAM

## **Purpose**

This Program provides General Hunting Licence holders with fuel, supplies, and capital assistance, through Local Wildlife Committees.

## **Eligibility**

Recognized Local Wildlife Committees are eligible; in the absence of a recognized Local Wildlife Committee, the Minister of ITI may allocate assistance directly to holders of General Hunting Licences.

## **Grant/Contribution**

Contribution

## **Maximum Amount Available Per Applicant**

Payments are made to community and regional organizations that are delegated the responsibility to deliver the program to harvesters. The allocation is calculated based on the number of General Hunting Licence holders in the community and past participation levels.

## **Program Budget**

\$1,200,000 for the 2013/2014 fiscal year

## **Program Manager**

Investment and Economic Analysis Division

## **Policy Authority**

Established under authority of Minister for Industry, Tourism and Investment

## **Application Process**

Applications must include a statement of the disposition of previous funding and sufficient information to determine the basis for changed funding requirements. The number of General Hunting Licences and participation drive funding levels. The local Regional Superintendent of ITI reviews the applications and makes recommendations to the Deputy Minister of ITI. Any appeals are submitted to the Minister of ITI.

## **Results Reporting**

Total Program contributions for CHAP totalled \$1,136,595 for the 2013/2014 fiscal year. CHAP was delivered in 31 communities by 33 organizations recognized by the Minister of ITI as representing the interests of harvesters.

CHAP has expanded considerably since its inception in 1985, assuming discontinued programs that used to offer support aimed at outpost camps, community hunts, gas subsidies and trapper assistance. The 2013/2014 CHAP dollars assisted hunters and trappers to defray the high costs associated with hunting, trapping and sustaining traditional lifestyles.

All communities in the NWT received benefits from CHAP either directly or through the regional organizations that represented their interests. Intended for the benefit of persons holding General Hunting Licences, the funding is targeted towards Aboriginal persons in the NWT over the age of 16 and/or land claim beneficiaries.

The 2013/2014 CHAP funding provided resources that allowed residents to pursue traditional activities that derived social/cultural and economic benefits. A key economic benefit arising from these activities was the replacement value of locally harvested goods when compared with costly imported products.

Due to coding procedure changes during the 2013/2014 reporting year, some Local Wildlife Committees Program allocations for the South Slave, Sahtu and Dehcho Regions were recorded under the Community Harvester Assistance Program. Therefore, total payments shown for these three Regions include contributions for both programs.

Total contributions by Region are shown below:

Region	Payment
Dehcho	\$ 225,540
Beaufort Delta	266,426
North Slave	39,565
Sahtu	197,250
South Slave	252,710
Tłı̨chǫ	155,204
<b>Total</b>	<b>\$ 1,136,595</b>

# TRADITIONAL ECONOMY

## GENUINE MACKENZIE VALLEY FUR PROGRAM

### **Purpose**

To provide NWT hunters and trappers with access to financial resources necessary to participate in the fur industry. There are three components to the Genuine Mackenzie Valley Fur (GMVF) Program:

#### **a. Advance**

The GMVF Advance Program provides guaranteed advances to trappers delivering prime fur for sale through the GMVF Program; based largely on anticipated market performance.

#### **b. Prime Fur Bonus**

If the trapper's fur is sold for the same value, or more than the advance, the trapper is entitled to receive a Prime Fur Bonus. The Bonus recognizes that the fur is in good condition and has been well handled by the trapper.

#### **c. Fall Grubstake**

A trapper must harvest 20 or more pelts, to a maximum of 200 pelts of any species in the GMVF Program to receive a payment (minimum \$100; maximum of \$1,000 per trapper).

The GMVF Program also pays for all commissions, shipping and handling fees for fur shipped to auction, and any shortfall between guaranteed prices and actual auction house-selling price.

Also funded under the GMVF Program is the Hide and Fur Procurement Program, which provides producers with market stability and product for craftspeople.

### **Eligibility**

Individual holders of a valid NWT General Hunting or Trapping Licence and who are resident in the NWT are eligible.

### **Grant/Contribution**

Grant

### **Maximum Amount Available Per Applicant**

Funding levels are pre-determined by pelt

### **Program Budget**

\$610,000 for the 2013/2014 fiscal year

### **Program Manager**

Investment and Economic Analysis Division

### **Policy Authority**

Established under authority of Minister for Industry, Tourism and Investment

### **Application Process**

The Program entitlement is generated by individual pelts delivered, prices obtained, and the quantum of pelts delivered over the course of the year; advances are determined by the market; the Prime Fur Bonus is determined by the value of the pelt and the effort; and the Grubstake Program by the volume. Officers with the Department of Environment and Natural Resources assess the pelts and determine suitability for advance. The auction sells the pelt. The Prime Fur Bonus is paid if eligibility is met and the Grubstake Program is subject to pre-determined eligibility being met. Appeals are very rare, but trappers may appeal to the Minister of ITI.

### **Results Reporting**

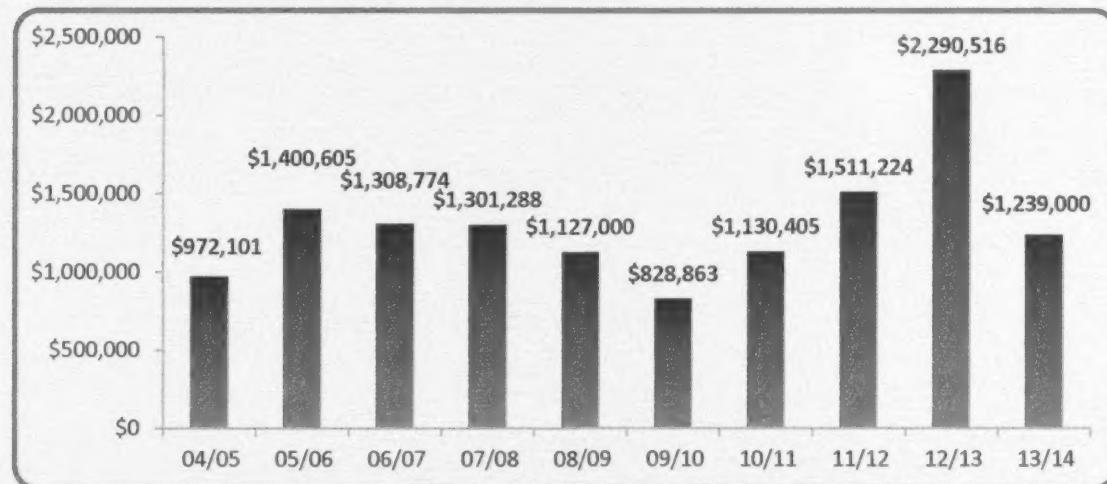

GMVF payments for the 2013/2014 fiscal year totalled \$536,088. Approximately 700 trappers from across the NWT, representing all Regions, received support and benefits from GMVF in this fiscal year, compared to 760 trappers in the previous year. Auction houses provide funds based upon the sale of fur. GMVF funds provided to the trappers represent the proceeds from sales in excess of the advances paid. GMVF funding has allowed trappers to maintain a more traditional lifestyle throughout the trapping season without interruption.

#### **GMVF Program Contributions for 2013/14**

Grubstake	Prime Fur Bonus	Shortfall	Shipping	Commission on Fees (O&M)	Total
\$115,330	\$222,487	\$71,680	\$2,437	\$124,154	\$536,088

GMVF funding also offsets a portion of the high cost of operations in the NWT. This Program is well subscribed; since 2002 it has also provided the impetus for younger persons to enter the industry and sustain a more traditional lifestyle. The Chart below shows that the 2012/2013 year was an anomaly in the market for fur sales; while 2013/2014 shows typical market variation over the past ten years.

#### **Gross Fur Sales – 10 Years**

### GMVF Program Results for 2013/14 by Region

Region	Total Fur Sale	Trappers	Fur Bonus	Grubstake	Direct \$ to NWT Trappers
Beaufort Delta	385,967	191	63,043	40,300	489,310
Sahtu	294,913	118	57,337	17,615	369,865
North Slave	202,031	155	37,946	15,090	255,067
Dehcho	130,076	101	23,928	15,915	169,919
South Slave	226,442	135	40,233	26,410	293,085
Total	\$1,239,428	700	\$222,487	\$115,330	\$1,577,245

### Support to Traditional Crafts

Support to traditional crafts includes Hide and Fur Procurement Program. The current demand for processed fur pelts and hides exceeds the production. The Hide and Fur Procurement Program has achieved positive outcomes for the crafting industry and consequently a number of community based sewing groups have evolved out of that activity.

As shown in the chart below; there were 446 Seal pelts processed with a retail cost recovery of \$105 per pelt, 461 Beaver pelts processed with a retail cost recovery of \$83 per pelt, and there were 135 Muskrat pelts processed with a retail cost recovery of \$15 per pelt. In all three examples, cost recovery exceeded the cost of processing.

Details	Seals	Beaver	Muskrat
Inventory	446	461	135
Cost	\$43,776	\$35,600	\$1,920
Retail (cost recovery)	\$46,965	\$38,260	\$2,075
Average price per pelt	\$105	\$83	\$15
Leverage(1:4) *	\$187,860	\$153,040	\$8,300

\*Based on conservative evaluation of production costs (industry)

\*Total estimated benefit to the development of the NWT traditional crafts sector for 2013/2014 is approximately \$349,200; up by almost \$50,000 over the previous fiscal year.

# TRADITIONAL ECONOMY

## HUNTERS AND TRAPPERS DISASTER COMPENSATION

### **Purpose**

To assist harvesters who sustain substantial financial losses due to unavoidable natural disasters, except for forest fires.

### **Eligibility**

Residents of the NWT who:

- Hold a General Hunting Licence or are land claim beneficiaries.
- Are regularly and actively engaged in renewable resource harvesting activities.
- Earned at least 25% of gross income from renewable resource harvesting for the period of 12 months immediately prior to the incident.

Compensation will not be made for losses due to carelessness or poor judgment.

### **Grant/Contribution**

Grant

### **Maximum Amount Available Per Applicant**

\$4,500

### **Program Budget**

\$15,000 for the 2013/2014 fiscal year

### **Program Manager**

Investment and Economic Analysis Division

### **Policy Authority**

Established under authority of Minister for Industry, Tourism and Investment

### **Application Process**

Applications are completed by the applicant, stating the date, circumstance and nature of the loss and are supported by an affidavit signed by the applicant and witnessed by a Commissioner of Oaths. The applicant needs to declare their income and offer evidence that 25 percent of their income is derived from harvesting of renewable resources.

The applicant completes a listing, with costs of goods required to replace damaged goods. Where the applicant has been deemed to be eligible and the circumstance, as well as the damage or loss, has been verified, the costs associated with replacing, or repairing the loss is approved to a maximum of \$4,500.

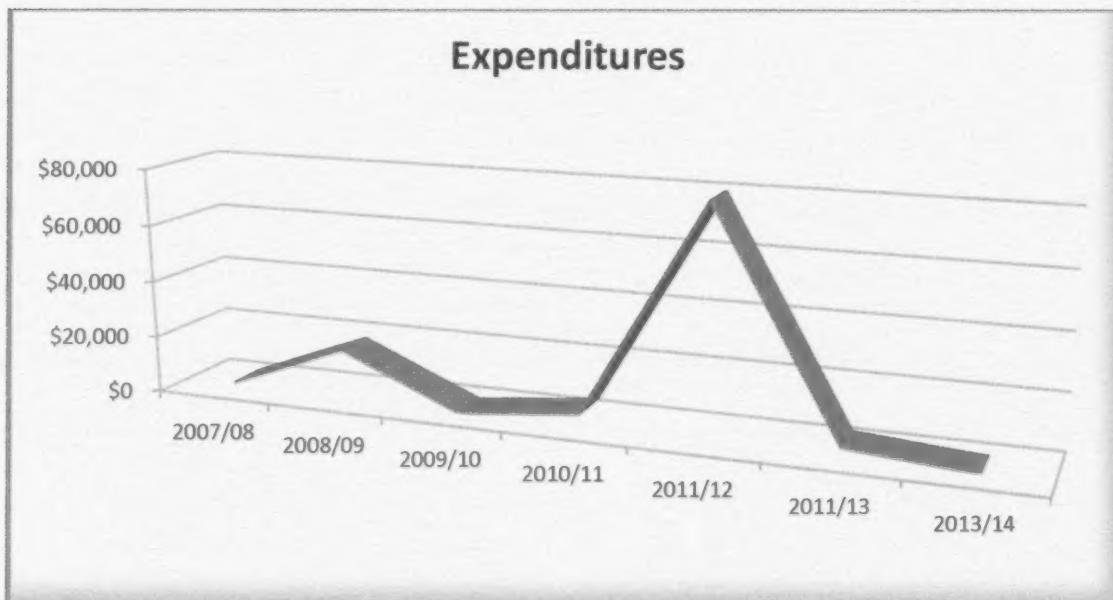

Applications are reviewed, complete with recommendations from the local wildlife authority, and the Departments of ITI and ENR. The final approval rests with the Assistant Deputy Minister, Economic Development of ITI. The Minister of ITI reviews any appeals.

### ***Results Reporting***

Program payments are driven by events and circumstance that occur in nature, with the exception of forest fires. Program demand for 2013/2014 was non-existent, as compared to 2012/2013 where expenditures were minimal, and 2011/2013, which was high due to flooding along the Mackenzie River. Usage of the Program cannot be predicted from one year to the next, as the usage is determined by natural events.

Year	2007/08	2008/09	2009/10	2010/11	2011/12	2012/13	2013/14
Budget	\$15,000	\$15,000	\$15,000	\$15,000	\$15,000	\$15,000	\$15,000
Expenditures	\$1,590	\$18,000	0	\$4,500	\$79,833	\$3,300	\$0

Grant monies allow the eligible individuals to continue with traditional lifestyles, even when circumstances were significant enough to cause a disruption. The Program provides protection to those whose need is most apparent in order to continue a livelihood which would have otherwise been disrupted by a natural disaster (other than a forest fire).

# TRADITIONAL ECONOMY LOCAL WILDLIFE COMMITTEES

## **Purpose**

To provide financial assistance to organizations recognized by the Minister of ITI as representing the interests of hunters and trappers within a particular community.

## **Eligibility**

All active associations in the NWT that are recognized by the Minister of ITI as representing the interest of hunters and trappers within a particular community.

## **Grant/Contribution**

Contribution

## **Maximum Amount Available Per Applicant**

Amounts are determined by a formula. Maximum amount per organization could be as high as \$20,000.

## **Program Budget**

\$150,000 for the 2013/2014 fiscal year

## **Program Manager**

Investment and Economic Analysis Division

## **Policy Authority**

Established under authority of Minister for Industry, Tourism and Investment

## **Application Process**

A letter is sent to the Regional Superintendent of ITI requesting the annual funding. A report of the previous year's expenditures is required in support of the request.

All organizations are entitled to a base allocation. Additional funding to the base is population driven based upon the number of General Hunting Licences, fur trappers and the workplan tabled for the upcoming year.

Funding is approved in the Region by the local Regional Superintendent of ITI, with appeals being submitted to the Minister of ITI.

## **Results Reporting**

In the 2013/2014 fiscal year, Program contributions totalled \$122,400. Payments were made to the community/regional organizations representing harvesters in every community in the NWT.

Funding to Local Wildlife Committees and regional organizations enabled them to represent their interests and deliver Community Harvesters Assistance Program funding on behalf of the harvesters they represent.

The funding to the Local Wildlife Committees provided operating funds that enabled these organizations to administer the programs, provide a presence in the community/region, and maintain an ongoing administrative function in support of harvesters.

Every resident in the NWT who holds a General Hunting Licence or is a land claim beneficiary is eligible for benefits arising from the funding. The Program funding provided services and support to harvesters through the agencies situated in the various communities/regions.

#### **ALLOCATIONS BY REGION:**

Due to coding procedure changes during the 2013/2014 reporting year, some Local Wildlife Committees Program allocations for the South Slave, Sahtu and Dehcho Regions were coded under the Community Harvester Assistance Program. Therefore total payments for these three Regions include contributions for both programs.

Total contributions for the other three Regions are shown below:

REGION	AMOUNT
Beaufort Delta	\$77,400
Tłichô	\$31,000
North Slave	\$14,000
<b>Total</b>	<b>\$122,400</b>

# TRADITIONAL ECONOMY NORTHERN FOODS PROGRAM

## **Purpose**

This Program aims to remove barriers, create employment and facilitate the development of the NWT food production sector by providing support to producers of northern fish, meat and other food products for sale to consumers in the NWT. Through ITI, this Program aims to make investments that support:

- Community economic diversification,
- Northern food production and processing,
- Increasing local and regional agriculture and fishery participation and output,
- Encouraging/supporting local and niche food production and marketing initiatives.
- Increasing availability of NWT foods to NWT consumers.

## **Eligibility**

All NWT businesses, co-operatives, community-based organizations, and associations engaged in the production of food.

## **Grant/Contribution**

Contribution

## **Maximum Amount Available Per Applicant**

Contributions are aimed at individual entrepreneurs or businesses where the benefits accrue primarily to the client but meet the overall goal of the Program. The maximum contribution available per client is \$20,000.

## **Program Budget**

\$500,000 for the 2013/2014 fiscal year

## **Program Manager**

Investment and Economic Analysis Division and the Regional Superintendents

## **Policy Authority**

Established under authority of Minister for Industry, Tourism and Investment

## **Application Process**

The application form used for the Support to Entrepreneurs and Economic Development (SEED) program is also used for the Northern Foods Program. The SEED application form is available at ITI Regional Offices and ITI Headquarters Office. ITI Regional Offices are available to discuss project proposals and assist with the completion of applications. Completed applications are delivered to ITI Regional Offices, who are responsible for approvals.

### **Results Reporting**

The 2013/2014 fiscal year was the first year of the Program, which combined two previous contribution programs; namely: the Agriculture Development Infrastructure Program, and the Commercial Harvesting, Processing and Marketing of Fish and Meat in the NWT Program. Combining these two programs allowed for greater efficiencies and clarity in the promotion and delivery of northern food related assistance contributions.

For the 2013/2014 fiscal year, ITI provided \$464,615 in funding through the Northern Foods Program.

ITI provided assistance to 20 different organizations in 28 separate projects in all five regions across the NWT, as follows:

Organization	Assistance
<b><i>Beaufort Delta Region</i></b>	
John Carmichael	\$ 34,184

# TRADITIONAL ECONOMY TAKE A KID TRAPPING/HARVESTING

## **Purpose**

To provide support to orient youth to trapping, harvesting and traditional life skills.

## **Eligibility**

Organizations, individuals, businesses recognized by the Minister of ITI as having an interest in the promotion of traditional life skills.

## **Grant/Contribution**

Contribution

## **Maximum Amount Available Per Applicant**

\$10,000

## **Program Budget**

Total Program Budget for the 2013/2014 fiscal year was \$445,000, with ITI budgeting \$145,000, Municipal and Community Affairs (MACA) budgeting \$100,000, and Canada Northwest Territories Growing Forward Initiative budgeting \$200,000. Environment and Natural Resources (ENR) also contributes to the Program by providing in-kind services.

## **Program Manager**

Investment and Economic Analysis Division

## **Policy Authority**

Established under authority of Minister for Industry, Tourism and Investment

## **Application Process**

Proponents prepare and submit an application for funding to the Regional Superintendent of ITI. Applications are reviewed by regional committees made up of ITI, MACA and ENR.

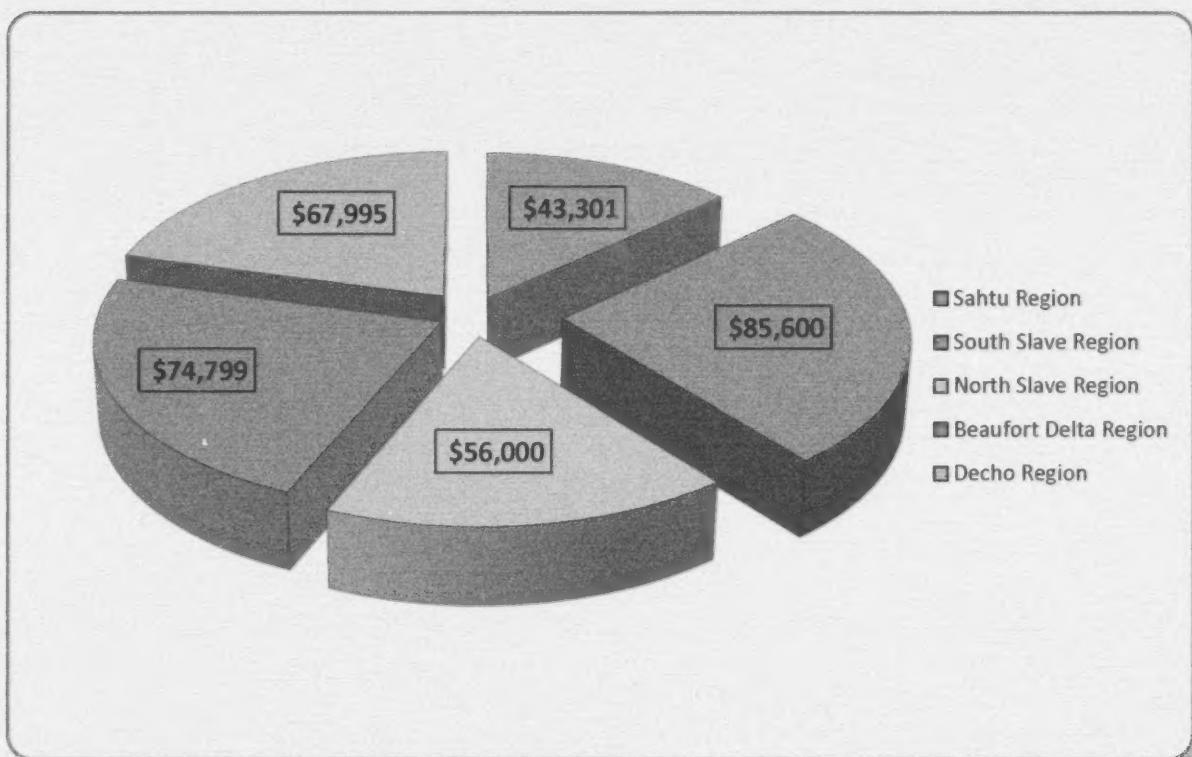

## **Results Reporting**

The Take a Kid Trapping/Harvesting Program continues to be very popular across the NWT. For 2013/2014, 46 projects were delivered to 1736 participants, with a total cost, including contributions and funds levered from the Canada/NWT Growing Forward Agreement, and the Departments of ITI, MACA and ENR, of \$327,695, of which \$137,501 was contributed by ITI.

# TRADITIONAL ECONOMY

## WESTERN HARVESTERS ASSISTANCE PROGRAM

### **Purpose**

This Program was instituted at the request of the NWT communities to assist Aboriginal organizations in promoting the local renewable resource economy.

### **Eligibility**

Regional or community-based Aboriginal groups showing the active support of their constituent membership may apply.

### **Grant/Contribution**

Contributions

### **Maximum Amount Available Per Applicant**

Driven by pre-determined formula

### **Program Budget**

Original commitment approved by the Legislative Assembly was \$15 million, which has been drawn down over a number of years. Funding is subject to the approval of supplementary appropriations. For 2013/2014, the total remaining budget available to be drawn down was \$650,000.

### **Program Manager**

Investment and Economic Analysis Division

### **Policy Authority**

Financial Management Board and the Legislative Assembly

### **Application Process**

Proposals may be prepared jointly or separately for Dene and Métis harvesters and may be regional in scope or from individual community organizations. The Program must assist and promote the renewable resource harvesting economy in the community/district/region.

Organizations must match any contribution from the GNWT and must not be from other GNWT funds. The GNWT will not provide an interest free loan or guarantee a loan from a commercial institution. Matching funds must be deposited before the GNWT will provide its contribution. Funds may not be used for administrative purposes. Pre-determined funding levels was based on the number of General Hunting Licence holders in each community by Aboriginal descent. Applications are approved by the Financial Management Board.

### **Results Reporting**

Two contributions were provided during the 2013/2014 fiscal year: Pehdzeh Ki First Nation (\$62,800); and Lutselk'e Dene First Nation (\$71,000); for a total of \$133,800. Approximately \$516,200 is remaining in the Program to be drawn down. Remaining organizations continue to look for the equity required to participate in the Program.

# ENERGY PLANNING

## ENERGY INITIATIVES

### **Purpose**

ITI funds a number of energy initiatives in support of the work of the Ministerial Energy Coordinating and Climate Change Committee-of-Cabinet (MECC).

### **Eligibility**

Eligible applicants for the 2013/2014 energy initiatives included NT Hydro Corporation (NT Hydro) companies such as the NWT Energy Corporation (NTEC) and NWT Power Corporation (NTPC).

### **Grant/Contribution**

Contribution

### **Maximum Amount Available Per Applicant**

Determined by the Legislative Assembly through the GNWT business planning process

### **Program Budget**

\$1,235,000 for the 2013/2014 fiscal year

### **Program Manager**

Energy Planning Division

### **Policy Authority**

Established under the authority of MECC

### **Application Process**

Projects funded through a collaborative internal submission process presided over by MECC

### **Results Reporting**

The 2013/2014 energy initiatives \$1,260,000\* total contributions included:

Organization	Description	Funding
NTEC	Whati Transmission Line	250,000
	Hydro Core Funding	700,000
	Water Monitoring	50,000
	Liquefied Natural Gas Solutions	180,000
	Biomass Combined Heat and Power (CHP) Feasibility Study*	25,000
NTPC	NWT Electricity System Analysis	30,000
	<b>TOTAL</b>	<b>\$1,235,000</b>

\* \$25,000 for Biomass CHP Feasibility Study was over-accrued in 2013-2014; actual total is \$1,235,000 (\$25,000 was counted in twice, totalling \$1,260,000).

## NTEC

### **Whati Transmission Line:**

This funding was used for work needed to finalize the costs and design of building a new transmission line to connect Whati to the Snare hydro system. The work included routing and design, construction cost estimates, and environmental and regulatory issues.

### **Hydro Core Funding:**

This is core funding to support NT Energy in work related to energy development in the NWT.

### **Water Monitoring:**

This funding was used to install and monitor a station on the Kakisa River for the next two years. Three gauging stations were decommissioned in 2012/2013 after two successful years of hydrological data collection. This information will become part of a larger body of work on water resources and support related decision making in the NWT.

### **Liquefied Natural Gas Solutions:**

Liquefied natural gas (LNG) has been identified as the most promising solution to the energy situation in Inuvik. Work conducted in 2012/2013 was to develop an understanding of the basic transportation and infrastructure needs of the town. The 2013/2014 work used the feasibility work to move into actual implementation of an LNG solution for Inuvik.

### **Biomass Combined Heat and Power Feasibility Study:**

This funding will be used to determine the feasibility of an NWT community-scale biomass-fired combined heat and power project. This work builds upon previous work undertaken by the GNWT and NTEC with a focus on the changes in cost and technology that may now allow for an NWT community-scale biomass combined heat and power system to be feasible.

## NTPC

### **NWT Electricity System Analysis:**

This funding was used for follow-up work associated with the Electricity Review and to support the development of the NWT Energy Plan.

# TOURISM AND PARKS

## COMMUNITY TOURISM INFRASTRUCTURE CONTRIBUTION

### **Purpose**

The Program funds community governments and non-government organizations for new and innovative infrastructure projects. Projects must support tourism in communities and should promote nearby parks and natural attractions.

### **Eligibility**

1. Capital projects that increase tourism in communities. Capital costs are defined as one-time project costs;
2. Communications infrastructure projects that enhance current tourism products or attractions;
3. Development of innovative information technology tourism products or services; and
4. Planning studies or site development for future capital projects if applicant can demonstrate that future resources are available for project completion.

### **Grant/Contribution**

Contribution

### **Maximum Amount Available Per Applicant**

- Projects up to \$50,000 (fifty thousand dollars) - May receive a maximum contribution of 75 percent of the total budget (up to \$37,500 per applicant).
- Projects over \$50,000 (Fifty Thousand Dollars) - May receive a maximum contribution of 50 percent (up to \$50,000 per applicant).

### **Program Budget**

\$100,000 for the 2013/2014 fiscal year

### **Program Manager**

Tourism and Parks Division

### **Policy Authority**

Established under authority of Minister for Industry, Tourism and Investment

### **Application Process**

Application Form and Guidelines for the Community Tourism Infrastructure Contribution (CTIC) Program can be found on the ITI website under Programs and Services and are available at any ITI Regional Office or ITI Headquarters Office in Yellowknife.

Applications must be received by certain predetermined dates each year and funding will be distributed to those projects which provide the greatest benefit to the NWT, and meet the program criteria, until funding limits are reached. Completed applications are delivered to ITI Regional Offices or ITI Headquarters Office in Yellowknife, who administer and make recommendations for approval.

To be a successful applicant, the following criteria had to be met:

- Projects must align with the community tourism plan where applicable. If there is no community tourism plan in place, the applicant must demonstrate that they have support from the community; and
- The project must provide positive tourism benefits to the community and surrounding area.

Successful proposals must also demonstrate:

- The organization operates on a non-profit basis and works to benefit the tourism industry and local economy of the community;
- The project will increase the attraction of the community to visitors;
- The project enhances partnerships between non-government community groups and the private sector tourism industry;
- There are resources available for any operations and maintenance costs related to the project; and
- If it is a multi-year project, future resources can be leveraged from other sources.

### ***Results Reporting***

The 2013/2014 fiscal year was the third year for this Program and included the following goals:

- Increase the attractiveness of NWT communities to visitors;
- Encourage partnerships between non-government organizations and private industry in the tourism sector;
- Increase the use of communications technology in tourism products;
- Create opportunities for the local economy and residents through the enhancement of tourism operations at the community level.

## **SPORT HUNT OUTFITTER MARKETING SUPPORT**

### ***Purpose***

This Program is intended to support initiatives by the barrenground caribou and polar bear outfitters to diversify their markets, develop new products, and maintain existing facilities, and in some cases, wind down their businesses.

### ***Eligibility***

Open to outfitters/operators in the Beaufort Delta and North Slave Regions only. Beaufort Delta Region outfitters must have conducted a Polar Bear Hunt in the 2008/2009 fiscal year; and the North Slave Region outfitters; eligibility is limited to outfitters who conducted caribou hunts in the 2008/2009 fiscal year.

### ***Grant/Contribution***

Contribution

### ***Maximum Amount Available Per Applicant***

\$25,000 for 2013/2014

### ***Program Budget***

\$300,000 for the 2013/2014 fiscal year

### ***Program Manager***

Tourism and Parks Division and local Regional Superintendents of the Beaufort Delta and North Slave Regions

### ***Policy Authority***

Established under authority of Minister for Industry, Tourism and Investment

### ***Application Process***

Applicants must supply a detailed project description, project budget and cost quotes and any other information deemed relevant to the Regional Superintendent (there is no equity requirement for this program). Applicants are not eligible for funding, if ITI has paid out claims made by their clients under the Tourist Deposit Assurance Program.

### ***Results Reporting***

A total of \$300,000 was made available for the Sport Hunt Outfitter Marketing Support Program for the 2013/2014 fiscal year. Assistance was provided to sport hunt outfitters facing financial hardship in the face of the non-resident hunting ban of barrenground caribou and the ban on importation of polar bear hides into the United States.

Funding is provided to assist outfitters in developing new products, penetrate new markets for existing products, and to assist in the care and maintenance of existing camp facilities until such time as caribou tags for non-resident hunters have been reinstated, or the business has made a transition to other products.

Of the \$300,000 budgeted for 2013/2014, ITI provided contributions for six projects in the North Slave Region totalling \$139,587; and five projects in the Beaufort Delta Region totalling \$72,091, for a total 2013/2014 contributions of \$211,678.

## TOURISM INDUSTRY DESTINATION MARKETING ORGANIZATION

### **Purpose**

For NWT Tourism (NWTT) to deliver the Tourism Marketing Program on behalf of the GNWT and finance the costs incurred in the delivery of services to the NWT tourism industry through the NWTT Business and Marketing Plan.

### **Eligibility**

This contribution is exclusively directed to NWTT, the association acting as the Destination Marketing Organization (DMO) for the NWT.

### **Grant/Contribution**

Contribution Agreement

### **Maximum Amount Available Per Applicant**

NWTT is the official organization that represents the majority of tourism industry members in the NWT and delivers the Tourism Marketing Program on behalf of the GNWT.

### **Program Budget**

The core contribution for the 2013/2014 fiscal year was \$3,336,000, which included an increase of \$1.2 million to the annual core funding contribution. An additional \$400,000 was provided as a contribution towards ads and commercial airspace.

### **Program Manager**

Tourism and Parks Division

### **Policy Authority**

Established under authority of Minister for Industry, Tourism and Investment

### **Application Process**

This is an annual contribution approved through the GNWT business planning process.

### **Results Reporting**

NWTT set aside \$125,000 for marketing initiatives directed by ITI for the 2013/2014 fiscal year, and \$250,000 was spent on regional marketing initiatives, based on marketing plans prepared by ITI's regional offices. NWTT and ITI agreed on three special initiatives for 2013/2014, including: a special aurora promotion at Canada Place in Vancouver, a tourism trade familiarization tour for Deline, and a promotional mural at the Calgary International Airport. NWTT, guided by its annual marketing plan, was also active in many types of advertising and promotion mediums, all of which focused on the key icons of the NWT Aurora Borealis (and winter products), Lakes and Rivers, Parks and Wilderness, Culture and People, and Northern Realities (ice roads, float planes, midnight sun, etc.).

A summary of the NWTT marketing activities for 2013/2014 are listed as follows:

## **NORTH AMERICA**

### **Brand Essentials**

- **NWT Guides** - Explorers' Guide, Sportsmen's Guide, Meeting and Conference Planner.
- **News Letters** - E-newsletters targeting approximately 19,000 consumers in Canada and US.
- **Consumer Shows** - NWTT participated in a total of seven consumer shows this season, including the Denver and Sacramento International Sportsmen's Expositions, Quartzite, the Edmonton Boat Show, and the Sportsmen's Shows in Toronto, Calgary and Vancouver.
- **Integrated Marketing Campaign** - The integrated advertising campaign for 2013/2014 concluded with the Globe and Mail campaign and the television advertising that appeared on CBC. NWTT purchased full page ads in the travel section of the Globe and Mail. The South Slave and Dehcho regions, and the City of Yellowknife, purchased larger ads as part of the cooperative advertising buy-in and a number of local tourism operators throughout the NWT purchased a number of the smaller ad. Air Canada, First Air and Canadian North were provided complementary ads in exchange for flight passes, used for FAM tours and contests. Air Canada also provided placement of GNWT travel guides in their Maple Leaf Lounges across Canada, a full-page ad in enRoute Magazine, and advertising in their e-newsletters; distributed to their US subscriber base.
- **NWT Meeting Planner** - 1,000 copies of the Meeting and Conference Planner guide were produced and distributed through a variety of shows and sales calls.
- **Shows** - NWTT sponsored Tête-e-Tête, held in Ottawa February, 2014. The town of Inuvik also participated in the event and shared a double booth with NWTT.
- **Media FAMs** - NWTT hosted two media FAMs in early January 2014, focusing on the NWT Aurora and winter products.

### **Resource/Support Activities**

- Resource and support activities included the ongoing maintenance of the online photo gallery, managing media and photography requests, and monitoring media coverage. NWTT acquired a great deal of new photography in this quarter.

### **Research**

- NWTT collaborated with ITI on a Sport Fishing Branding Study. The findings were presented at a Sport Fishing Workshop that took place in Yellowknife on March 29, 2014.
- NWTT and ITI also conducted a non-resident angling study. The purpose of the study was to provide an accurate picture of the various segments of the sport fishing market that visit the NWT. Findings from this research were also presented at the March 2014 Sport Fishing workshop.

## **SPECIAL MARKETING INITIATIVES**

Under the direction of ITI, NWTT produced signage for the Calgary International Airport located in the baggage and arrivals area of the Airport.

## **EUROPE**

Marketing activities for Europe include advertising and promotion, trade promotions, media promotions and project coordination. The main focus for Europe is Germany, with some additional funds targeted towards Switzerland.

### **Print Advertising**

- NWT Tourism placed a half page ad in Kanada 360 magazine, which included a lengthy editorial. Kanada 360, a dedicated magazine on Canada, has a readership of 6,500 readers who are supporters of Canada and typically include repeat travellers to Canada.

### **Web Advertising**

- From January to March of 2014, our German-language website received over 20,000 unique visitors. This is an increase of over 50 percent from the previous quarter.

### **Cooperative Marketing Initiatives**

- NWTT provided cooperative marketing support to several of key trade accounts including CANUSA, SK Touristik, and Para Tours. The partnership with CANUSA included a virtual magazine called i-Magazine that included four feature articles and two videos on the NWT. The SK Touristik promotion included a Visa Card promotion for their Orca Club. The Para Tours promotion included an NWT night as part of their month long Canada Week promotions in Bern, Switzerland.

## **CORE MARKETING PROGRAM (Asia Pacific – Main Campaign)**

Similar to the Marketing Plan for Europe, the Asia Pacific Marketing Plan included advertising and promotion, trade promotions, media promotions and project coordination.

### **Advertising and Promotion**

- NWTT continues to participate in the Canadian Tourism Commission (CTC) Japan marketing program and is part of the Team Canada Japan promotion. Team Canada includes CTC Japan, BC, Alberta, Ontario, Quebec, PEI, NWT, and Yukon. Team Canada promotions included cooperative advertising promotions with key trade partners and sales calls. NWTT is also an active partner on the Aurora Kingdom website, which features the NWT, Yukon and Northern Alberta, as the main Aurora viewing destinations in Canada.

### **Trade Promotions**

- Include the CTC Team Canada promotions, Trade Shows, Sales Calls, and Trade FAMs.

### **Trade Shows**

- Planning is now underway for two separate trade shows in Asia; a two day trade show in Tokyo that will cater to Japanese buyers in October 2014, and a three-day Showcase Canada-Asia China, also in October. The China trade show will feature buyers from China and Korea. Indian buyers will have their own showcase, to be held in India in March 2015.

## **CORE MARKETING PROGRAM (Asia Pacific – New Market Stimulus - China)**

NWTT also set aside funds to build the Chinese market; including advertising and promotions, Trade FAMs and Media FAMs.

### **Advertising and Promotion**

- NWTT continued to build NWT advertising presence in China; working with the company Dragontrail that manages our social media account and our Chinese-language website, which generates social media content for the website and posts several times per week. Followers currently number about 8,300.
- NWTT also participated in a consumer and trade promotion with the CTC China office, which featured ski and winter products, and included NWT Aurora and related activities. NWTT has asked the CTC to provide a summary report of the campaign.

## **REGIONAL MARKETING (in cooperation with NWTT)**

Out of the additional \$400,000 provided to NWTT for additional marketing, \$250,000 was allocated for regional marketing, with \$50,000 being allocated for each of the five regions across the NWT.

Funding was used for various regional marketing initiatives, such as:

- The promotion of the Sunrise Festival highlighting the Beaufort Delta Region;
- A tourism video with points of interest in the Sahtu Region;
- The production of pop-up banners and promotional material specific to the North Slave Region;
- The production of a Walking Tour Map for the Dehcho Region; and
- Targeted market promotions and advertising about the South Slave Region in major marketing productions and shows.

## ABORIGINAL CAPACITY BUILDING

### **Purpose**

To provide Aboriginal organizations in regions most impacted by petroleum and mineral exploration, production and transportation activity, with assistance for capacity-building. The program is designed to work in partnership with other community and sector-specific oil, gas and mineral programs to build a stable economic base at the regional and community level.

### **Eligibility**

Applicants must be members of an Aboriginal organization located within the Inuvialuit and Gwich'in Settlement Areas, or Sahtu, South Slave and Dehcho Regions.

### **Grant/Contribution**

Contribution

### **Maximum Amount Available Per Applicant**

\$90,000 for each claimant group or region, with the opportunity to apply for additional funding as available

### **Program Budget**

\$560,000 for the 2013/2014 fiscal year

### **Program Manager**

Mackenzie Valley Petroleum Planning Office (MVPO) and Regional Superintendents

### **Policy Authority**

Established under authority of Minister for Industry, Tourism and Investment

### **Application Process**

Aboriginal organization applicants provide an annual work-plan and budget, detailing proposed activities, schedules and a source and application of all project costs. \$90,000 is available for each claimant group in the Inuvialuit and Gwich'in settlement areas. The Inuvialuit Regional Corporation (IRC) and Gwich'in Tribal Council (GTC) receive the entire allocation, then determine and administer the funds in their respective settlement areas. In the Sahtu Region, ITI's Regional Superintendent determines the annual allocation of \$75,000 based on previous approvals as well as new applications received throughout the course of the year.

The \$90,000 annual allocation in the Dehcho and South Slave Regions is shared, with the ITI Regional Superintendents of the two Regions determining the maximum amount for each recipient based on the number and type of applications received and previous approvals.

Regional Petroleum Advisors in the Sahtu, Dehcho and South Slave Regions also help determine the funding priorities in their respective regions. The Deputy Minister will rule on appeals made in all funding allocation decisions. Any remaining balance is made available on an individual application basis and reviewed on a case-by-case basis.

The APG Board of Directors submits an application each year, which includes audited financial statements and an annual report, highlighting activities and results of the previous year, and work plan and budget for the upcoming year.

### ***Results Reporting***

With the reduction in activity associated with the Mackenzie Gas Project, contributions to the APG have since been reduced from \$300,000 in 2012/2013 to \$80,000 for 2013/2014. If the project ramps up or a Certificate of Public Convenience and Necessity extension is granted, there will be consideration for re-establishing the funding as previously budgeted.

The Inuvialuit Regional Corporation, Gwich'in Tribal Council and Sahtu Secretariat Inc. are members of the APG partnership. In their 2013/2014 results report, the APG noted some key areas in which the partnership achieved results including:

- In December 2010, the MGP received regulatory approval from the National Energy Board (NEB); confirmed by a Federal Cabinet Order-in-Council in March, 2011.

- The NEB Certificate of Public Convenience and Necessity will expire on December 31, 2015 if construction has not commenced by that time.
- APG continues to maintain contact with potential financiers, develop financing strategies and continues to represent its Aboriginal shareholders in MGP decision-making, and maintaining its ownership interest in the MGP Joint Venture.
- APG continues to stay active in the communities, participates in the Inuvik Petroleum Show and other NWT industry functions; promotes the benefits of the MGP stakeholders; and participates in all discussions with the Government of Canada on the fiscal framework agreement for the MGP.
- The natural gas markets are evolving and APG continually monitors the North American demand and supply picture, assessing the impacts on MGP economics and looking for opportunities to resume project activities.
- With the potential petroleum resource development activities in the Sahtu Region, the APG is keeping an eye on the prospects for additional natural gas volumes to support the Mackenzie Valley Pipeline or other alternative pipeline projects.

## DAVIK COMMUNITY ADVISORY BOARD

### **Purpose**

To allow for operation of the Diavik Community Advisory Board (DCAB), established pursuant to the Diavik Socio-Economic Monitoring Agreement (SEMA) to monitor commitments made in the Diavik SEMA.

### **Eligibility**

Funding is directed to DCAB

### **Grant/Contribution**

Contribution

### **Maximum Amount Available Per Applicant**

Reviewed every three years

### **Program Budget**

\$180,000 for the 2013/2014 fiscal year

### **Program Manager**

Industrial Initiatives

### **Policy Authority**

Authority for contribution was established through GNWT signature of the Diavik SEMA

### **Application Process**

Diavik and the GNWT jointly fund DCAB. DCAB submits a proposed work plan/budget for approval every three years. The SEMA describes the mandate and role of DCAB.

### **Results Reporting**

DCAB provides advice to the Parties to the SEMA about how the SEMA is implemented. DCAB has the authority to recommend changes to help the SEMA achieve its intended results and provides a way for communities to comment on impacts from the Diavik Project. DCAB was allocated \$90,000 in 2013/2014. Under the Contribution Agreement, DCAB is required to provide:

- Audited financial statements showing how funds were spent;
- An Annual Report;
- A list of Board meetings and purpose of each meeting; and
- A status report on work plans approved pursuant to the SEMA.

The funding enables communities in the Slave geological region to collect information about community impacts in a consistent way. This helps DCAB to review and compare community-driven indicators across a broad geographic area and cultural groups. This work ensures community involvement in industrial monitoring. DCAB is made up of representatives from the Yellowknives Dene First Nation, Lutsel K'e Dene First Nation, Kitikmeot Inuit Association, North Slave Métis Alliance, Diavik Diamond Mines Inc. (DDMI), and the GNWT. DCAB reviews reports from the GNWT and DDMI, and provides input on a variety of issues arising from the Diavik Project.
